DIGITAL TRENDS

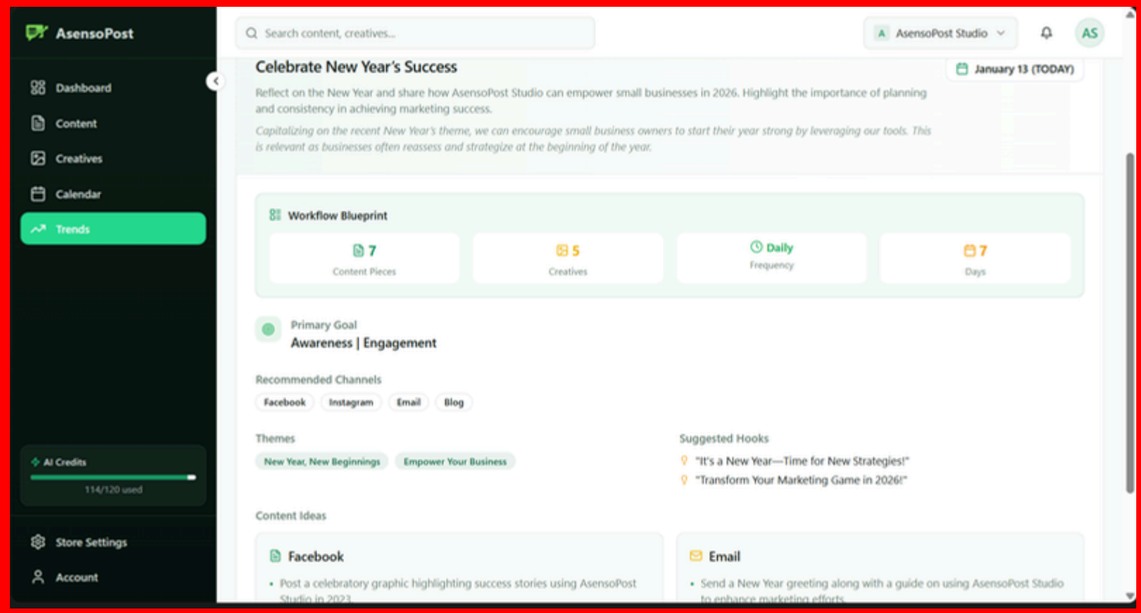

Keeping up-to-date with digital trends is a huge task and prone to blindspot, specially if you are working in the trenches and following gut feel.

Think about all your favourite saved contents and hyped up influencers triggering your shiny object syndrome.

Swipe away! I've just built my antidote and yours, an all-in-one ai-powered app to keep us stay on brand within our target industry as you scale up.

Click the Trends in the right navigation menu. Next, follow the on-screen prompts to fill out and send your request.

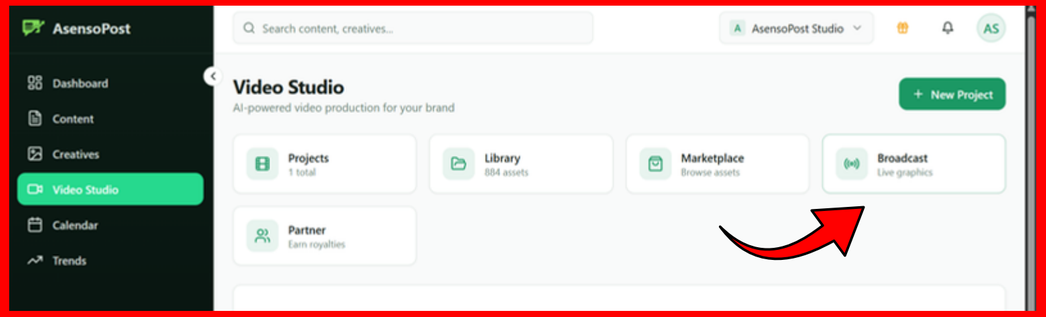

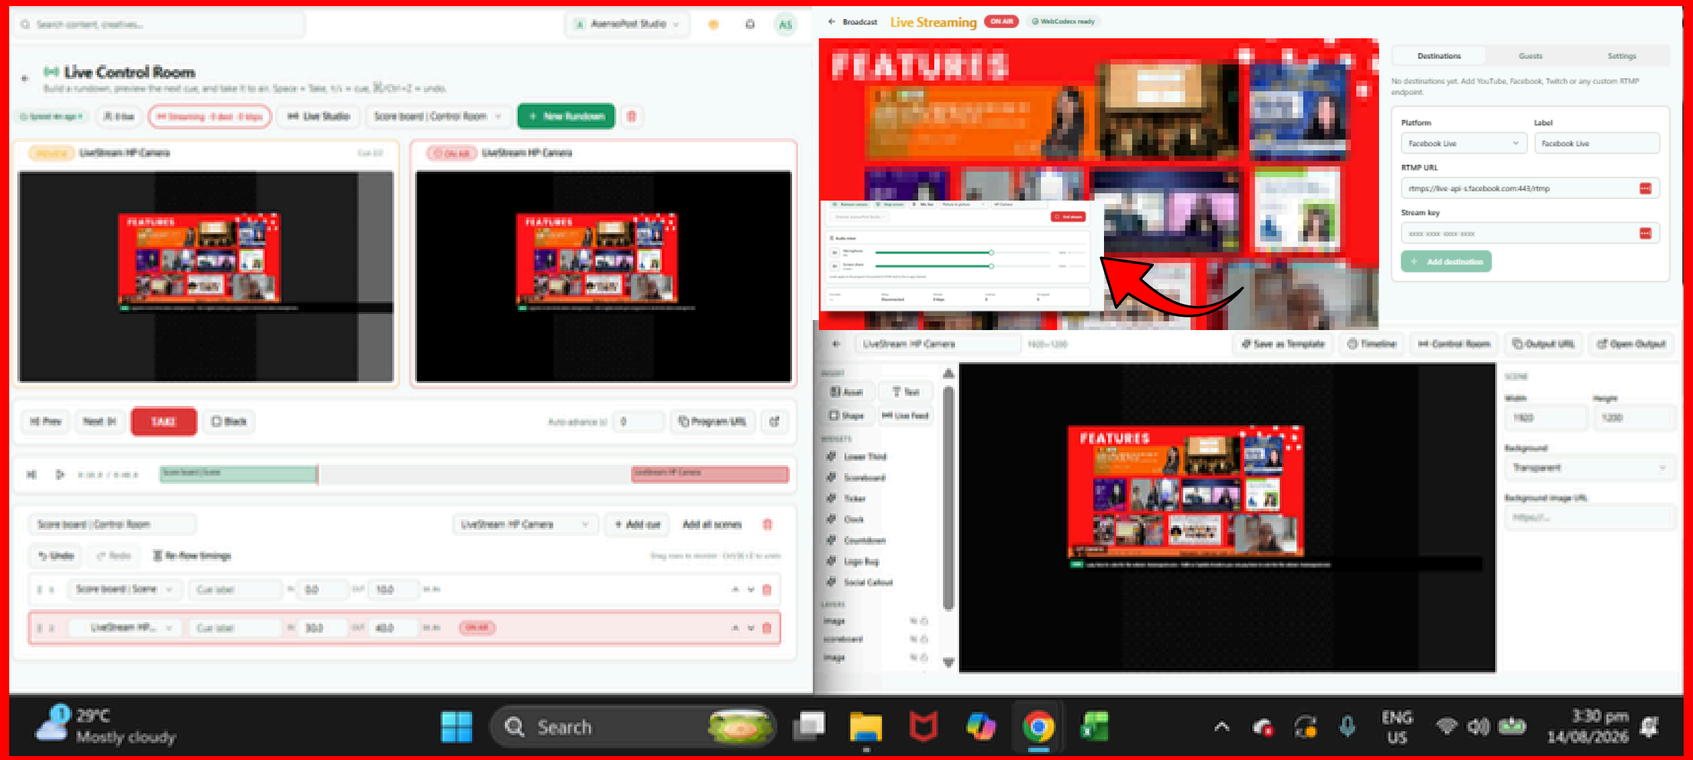

EASY

REELS & LIVESTREAM

Short-form video (49%), long-form video (29%), and live-streaming video (25%) are the top 3 ROI-driving content formats reported by marketers (HubSpot State of Marketing Report, 2026).

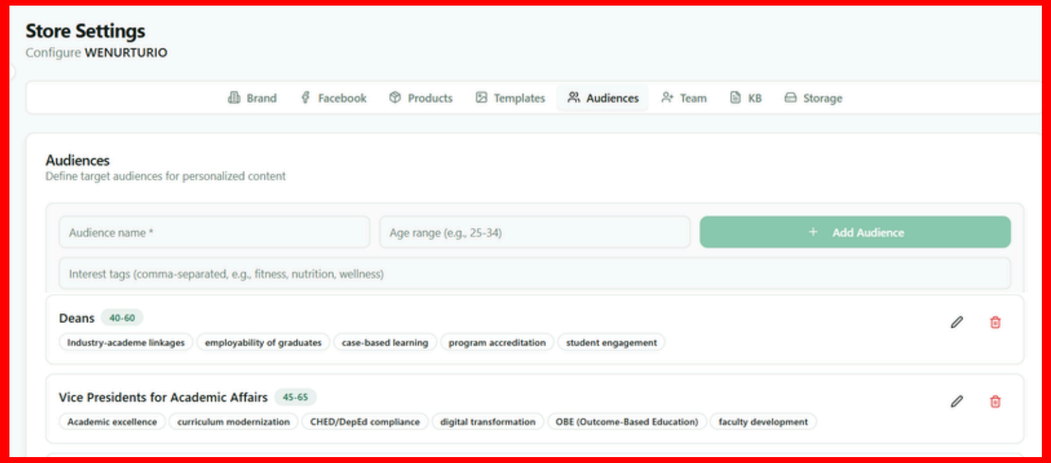

From Video Studio you can create a project to do shortform reel edit or do Livestreaming with Broadcast.

EASY

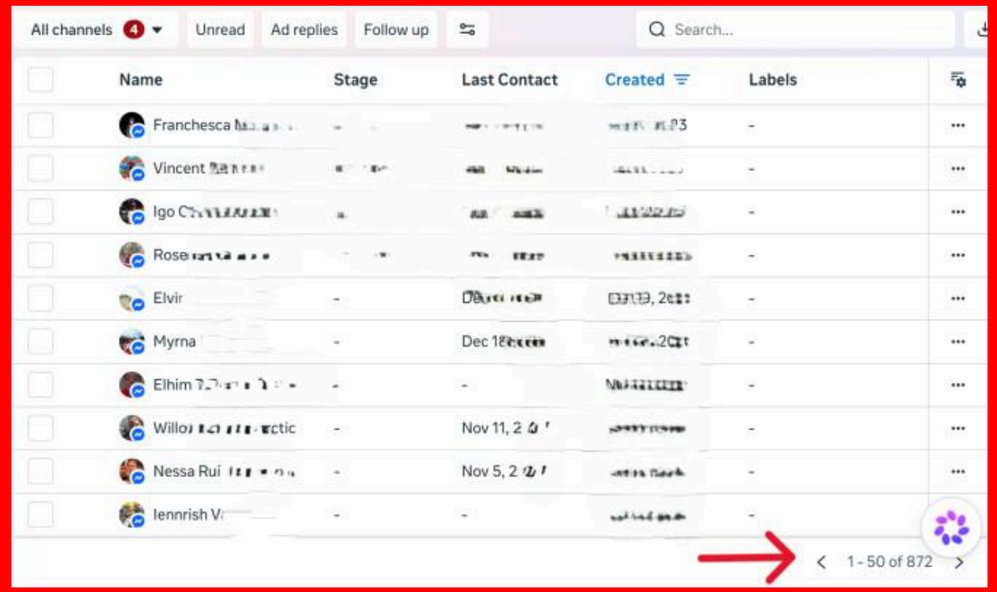

FACEBOOK AD CREATIVE & AI CHATBOT

WINNING FORMULA:
SCROLL STOPPING CREATIVES + RELEVANT MESSAGING + TARGETED ICP + FAST INQUIRY RESPONSE TIME
THIS CAN SHIFT THE CONVERSION UP.

1. You can have better ROI & qualified leads when you understand your customer avatar.

2. Real-world implementations show that AI Chatbot assistants/appointment setter can cut response times by 70%. Based on Harvard research contacting a lead within 5 minutes makes them 21 times more likely to convert than waiting 30 minutes

3. Targeted FB ads and chatbot helped this account from getting troll profile messages to qualified customers that can pay DP to move-in and PDCs.
